What's "Home for Innovative Researchers and Academic Knowledge Users (HIRAKU)"?

The HIRAKU program is operated by Hiroshima University as the Lead Partner Organization, Yamaguchi University and Tokushima University as Partner Organizations. It nurtures young researchers with cross-disciplinary challenges, which will eventually enhance their will and passion to change society. The program forms the industry-academia-government consortium, engaging national, prefectural, municipal, and private universities mainly in the Chugoku and Shikoku regions, as well as a large number of institutions/corporations in public and private sectors, aiming to increase opportunities to leverage exceptional competencies of young researchers that lead future generation.
